

WICHITA MAN IS ARRESTED

Knight W. Joles Accused of
Burning Mail.

MAIL CARRIER AT PERRY

Penalty of \$50—Discharged
From Postal Service.

HomeatfrSHR DLPU P UPPUUVU
Knight W. Joles, a graduate of the
Wichita High School, and who was for-
merly employed by the Rock Island rail-
road in this city, has been arrested by
the postoffice authorities on the charge of
burning mail at Perry, O. T.

For the past year he has been a mail
carrier at Perry and was drawing a sal-
ary of \$75 a month. When R. G. M. Ho-
ford, of this city, United States postoffice
inspector, went to Perry last week, the
postmaster told him that Mr. Joles had
been accused of burning some of the mail.
Mr. Hoford immediately began work on
the case and secured the affidavit of a
citizen of the town who claimed that he
saw some of the papers, which had come
through the mail, in the fire.

Mr. Hoford returned to the postoffice
and soon Joles entered. The inspector
accused him of the deed and at first he
denied it.

"I have the evidence against you," said
Mr. Hoford, "and you had better tell the
truth."

"Thereupon, according to the story told
by Inspector Hoford, the young man
admitted the deed.

"How long have you been burning
papers?" the young man was asked.

"I have been doing it right along,"
was the reply, as reported by Mr. Ho-
ford.

When asked why he committed the of-
fense, it is said the young man gave as
his only reason that he did not want to
deliver the papers and so had destroyed
them. He said that he had destroyed
nothing but papers, which he considered
as one would care much for.

He denied taking any letters. He de-
clared to plead guilty. It is said, but was
not allowed to do so.

He was bound over to the April term
of the federal court, which will be held
in Guthrie, and is now out on bond. The
penalty for the offense is a fine not to
exceed \$50. He will be prosecuted for
the one in which it is claimed he was
caught. He has been discharged from the
postal service.

Knight W. Joles is the son of A. Joles,
a teamster, who resides at 235 South
Handley avenue. About fifteen months
ago Knight was employed by the Rock
Island railroad in this city, holding at
different times the position of baggage-
master, truckman in the freight depot
and clerk in the freight office. He gradu-
ated from the High School in 1896 and
bore a good reputation with the general
public.

ABOUT CATARRH CURES
The Reason Why Inhalers and Local
Applications Are Useless.

For many years catarrh was considered
to be a local disease, and was treated
entirely by local remedies, such as in-
halers, poultices, sprays and inhalers, and
nearly all of these gave a temporary re-
lief, but a genuine permanent cure was
very rare.

It is true the most annoying symptoms,
like stoppage of the nose and throat
trouble, are purely local, but they are
simply symptoms and the real seat of
disease is far removed.

Catarrh is a constitutional disease, a
blood disorder, complicated usually with
disease of the liver, and in essence that
local applications of sprays, poultices,
inhalers, could ever reach the real cause of
the trouble is ridiculous.

The scientific and successful treatment
is to remove the catarrhal poison from
the system by regulating the liver and
constituting of antiseptic and resins to
purifying the blood, and this can only be
done by an internal remedy, which should
act vigorously on the liver and blood.

The best preparation of this kind which
fills all the requirements of a safe con-
stitutional treatment is Stuart's Catarrh
Tablets composed of blood purifiers, cat-
arhal and similar wholesome ingredients, which
are absolutely safe to take and the stom-
ach, and which act upon the liver, stom-
ach and mucous membranes.

Stuart's Catarrh Tablets are large,
pleasant tasting lozenges, to be slowly
dissolved in the mouth, thus reaching the
mucous membrane and windpipe, and
finally reaching the stomach.

Dr. Edmondson, in speaking of the new
treatment for catarrh, says: "I have ac-
complished the most satisfactory results
in all forms of catarrh of the head,
throat, bronchial tubes, as well as catarrh
of the stomach and liver, by using Stuart's
Catarrh Tablets, and I can say with con-
fidence that they are the best remedy in
use, and they are not only the best, but
I believe them to be the best and per-
fectly the safest treatment for any form
of catarrh."

All druggists sell Stuart's Catarrh Ta-
blets at 50 cents for full sized package.

town in 1796, on land granted by the gov-
ernment, and the family has resided
there ever since. Mr. Simpson said that
"Alice of Old Vincennes" was recently
given in the theatre in the town and the
building would not hold the people who
turned out.

THREE DIVORCE CASES

Two Were Granted and One Was Filed
in District Court Yesterday.

Glady Dodson was granted a divorce
from Foster Dodson in the district court

John Miller was also granted a divorce
from Emma Miller on the grounds of
abandonment. She did not appear
against him.

Clara Lawwell filed a petition asking
for a divorce from J. W. Lawwell. They
were married August 24, 1896, in Car-
thage, Ill. She alleged that he was bru-
tal to her, and last September he beat
and kicked her and then left her. They
owned some property on Plum street,
which she asked the court to give to her,
and that she be restored to her maiden
name of Clara Johnson.

WAS GIVEN TO GOD.

Lucy McGimsey Accepted by the Sal-
vation Army.

Little Lucy McGimsey was consecrated
to the work of the Salvation Army at
their hall last night. She is just four
years old. Her father and mother were
sworn to the Army eight months ago at
Toukka, and they promised that their
first born should be given to the Salva-
tion Army. A short time ago they moved
to this city. They are two of the strong-
est workers in the corps.

The ceremony of consecration was very
simple. Staff Captain Porter of Kansas
City conducted the service. After a
song he read the ritual of the Army in
regard to the parents giving up the child.
He asked them if they were willing to
surrender their child to the work of God
when that meant privation, overwork
and possibly death. If they were willing
to allow their little daughter to go from
them into any part of the world where
she might be compelled to undergo un-
kind hardships and that her whole life
should be to bring sinners to the throne
of God, whether they would allow her
to live the life of the world.

The parents replied that they gave their
child to God, and would trust His
mercy to keep her for His work. Then
the captain read to them the instructions in
regard to taking care of the child dur-
ing its early life.

Then the entire corps rose as the cap-
tain took the child in his arms and the
father and mother on each side of him,
he offered a prayer, giving the child to
God, and in the sign of dedication and
acceptance he kissed the little one and
returned her to her parents. A song fol-
lowed the ceremony.

An immense crowd was in the building
to witness the ceremony. This is some-
thing that seldom happens in this city,
or even in the state, and the service,
although simple, was very interesting.

WILL STAY ONE DAY MORE.

Anna Eva Fay Will Appear at the
Crawford Monday Night.

It is the rule that Anna Eva Fay al-
ways rests on Monday, owing to the men-
tal strain she is under during the bal-
ance of the week in her remarkable exhi-
bitions, but there has been such a general
demand from the people who have been
unable to get to see this remarkable
woman, owing to the remarkable
crowded condition of the opera house the
past week, that Manager Marling has
decided to induce Miss Fay to break
away from her general rule and remain
here and give one more performance on
Monday night. No attraction
has been created since her arrival in Wichita
has created such a profound sensation as
has Miss Fay. It is the topic of dis-
cussion wherever you go, both here and
over, and the more exhibitions that are
given to people for the money, the more
things that Miss Fay does would fill a
large volume of interesting reading, but
up to the present time her secret, "it we
may call it a secret," remains the same
as on her first appearance here, as all
speculations up to the present time have
failed to explain. Miss Fay goes direct
from here to Toukka, where she is due to
give a return engagement of a week on
Tuesday night. So it behooves those
who have failed to see at least one of
Miss Fay's remarkable performances, not
to miss this, their last opportunity.

Another bucket house greeted Miss
Anna Eva Fay last night at the Crawford
theatre. Many were again turned away,
and an anxious and curious audience
crowded the theatre within. The audi-
ence was enthusiastic and very deserv-
ingly over the clever tricks performed
by Miss Fay. Many hard questions were
brought to the mind of the fair
theatricalist, and satisfactorily answered.
Those who have attended these wonder-
ful performances nightly are more than
satisfied with the night, and grow
more and more interested in Miss Fay's work.
People will be delighted to hear that
Miss Fay has decided to give one more
performance in Wichita on Monday night.
This remarkable and talented woman has
raised a great deal of excitement and cre-
ated quite a sensation among the people
of this city. The engagement in Wichita
closes on Monday night.
